

Board of Management Agreed Report 13th December 2024

Our senior students completed their first in-school work experience activity preparing treat bags for the Toy Show.

The school had its first meeting as part of the national Senior Cycle Learning Programme Network Schools with the NCCA.

Condolences were extended to William Haughey, Parent Nominee to the Board, on the passing of his father Brian, former school caretaker.

Congratulations were extended to new appointees Susan O Keefe (SNA), Audrey O Mahony (SNA) and Luka Smolarczyk (Bus Escort). Phil Calnan (SNA) has transferred school and the Board wishes her well in her new role.

The school's Digital Learning Plan and School Improvement Plan are being reviewed and priorities identified.

Consent forms for the In School Therapy Supports Pilot have been issued to all families and the Board is looking forward to these vital services being available in school.

The PA will host its AGM in the new year and there are proposals to create a joint fund-raising committee comprised of teaching staff and parents.
